

Climate Action

We will become climate positive by 2025 for our own direct operations.

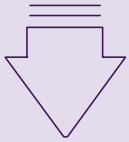

Relationships

We will increase engagement and support from colleagues and suppliers to improve performance.

NatWest Group

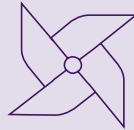

2025 Targets

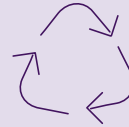

Maintain Net Zero Carbon and reduce energy in line with our 1.5° Science Based Target and EP100 commitments.

Reduce waste to 3kg per FTE per week through prevention, reduction, reuse and recycling.

RE100 Commitment to use 100% renewable electricity across our global operations.

Maintain Zero Waste to landfill accreditation across UK & Ireland.

Colleagues

Support all colleagues to adopt environmentally friendly activities at work, home and in their communities.

Suppliers

By 2022 we will develop the long terms goals and relationships needed to reduce the impact of our value chain.

EV100 Commitment to transition all company owned cars to electric and install charging points in more than 600 spaces.

Eliminate single use plastics from our buildings.

Increase Scope 3 reporting to include further categories.

Reduce our paper consumption by 70% against the 2015 baseline.

Support colleague learning through climate events and networks.

By 2025 work with select suppliers to innovate collaboratively.
